

Basic Plug-in Carbon Monoxide Alarm

Carbon monoxide is an invisible, odourless, poisonous gas that can be fatal when inhaled. It is the #1 cause of unintentional poisoning deaths in North America.

You need a carbon monoxide alarm if you have a fireplace, gas furnace, water heater, range or attached garage.

Be sure to purchase a carbon monoxide alarm that has been approved under the new CSA 6.19-01 standard. This ensures both electrical and performance standards.

900-0107-15

Features:

• **AC Plug-in Operated** – Easy to install – Just plug into an AC wall outlet.

• **Test / Reset Button** – Tests circuitry and resets alarm.

Specifications:

Product dimensions:	4" x 5" x 1.5" deep
Colour / Case Pack:	White / 6 units
Electrical Rating:	120V AC, 60Hz, 60mA max per alarm
Audio Alarm:	85dB
Temperature Range:	40°F (4.4°C) to 100°F (37.8°C)
Humidity Range:	5% to 95% relative humidity
Sensor:	Electrochemical
Limited Warranty:	5 Year
Weight:	0.50lb
UPC:	0-47871-07005-3
